

MARKET SURVEY

SUBJECT: Multiple Award Task Order Contract (MATOC), Indefinite Delivery Indefinite Contract (IDIQ), Environmental Services, Various Locations, Korea

SYNOPSIS:

The U.S. Army Corps of Engineers, Far East District (POF) is conducting a MARKET SURVEY. This is not a solicitation or pre-solicitation announcement. This announcement is for information and preliminary planning purposes only. This notice is not to be construed as a commitment by the Government for any purpose other than market survey. Respondents will not be notified of the results of the evaluation. No reimbursement will be made for any costs associated with providing information in response to this announcement or any follow-up information requests.

The intent of this market survey is to identify capable firms interested in meeting the project description listed below.

Proposed work to be performed under the following North American Industry Classification (NAICS) codes as follows: 541990 All Other Professional, Scientific, and Technical Services. POF is located Outside the Continental United States (OCONUS), achievement of small business goals is not applicable and no consideration will be given to Small Business Programs for this requirement.

POF anticipates soliciting and awarding multiple Indefinite Delivery Indefinite Quantity (IDIQ) contracts, to be procured in accordance with the Federal Acquisition Regulation Part 15. The IDIQ contracts are anticipated to have shared total monetary capacity of approximately \$9,000,000 for five years (one year base period and four one-year option periods). The specific work requirements will be negotiated and issued on an individual basis as firm fixed price task orders. Due to the Status of Forces Agreement (SOFA) this market survey is limited to local contractors with Korean business licenses only.

PROJECT DESCRIPTION:

Far East District (POF) requires to have Multiple Award Task Order (MATOC), IDIQ, Environmental Services contracts in place to provide comprehensive environmental services to support the various environmental programs and initiatives undertaken by the United States Department of Defense (DoD) and other US Government agencies in Korea. The range of services is extensive, including environmental compliance with USFK Regulation 201-1, pollution prevention, and remediation. Specific requirements and standards of the services shall be provided in each Task Order (TO) and the services may include, but not limited to the following: Site Surveys and Management Plan Development; Sampling and Analytical Testing; Environmental Field Studies; Engineering Support; Response Action; Operations and Maintenance; Removal, Replacement and Upgrade of Fuel Systems and Oil Water Separators; and Asbestos/Lead-based Paint Survey and Abatement.

The Government intends to use the listed below disciplines to perform the (MATOC), IDIQ, Environmental Services contracts.

Required prime contractor key personnel to perform the work:

- Program Manager
- General Project Manager
- Senior Environmental Engineer

- Environmental Scientist
- Senior Civil Engineer

Required prime contractor or subcontractor key personnel to perform the work:

- Two (2) Project Managers
- Site Safety and Health Officer
- Senior Geologist or Hydro-geologist or Geophysicist
- Chemist
- Industrial Hygienist
- Technical Writer

If your firm is interested and capable of performing the work identified in the project description then please provide a response to this MARKET SURVEY. Responses should be no longer than 5 pages and should contain the following information:

- 1) Statement that your firm is interested in submitting a proposal for this project if it is formally advertised.
- 2) Name of the company to include address, phone, and Point of Contact.
- 3) Company CAGE code and DUNS number (if applicable).
A CAGE code is not required in order to respond to this MARKET SURVEY, however it is a requirement to do business with the U.S. Federal Government. For more information regarding obtaining a CAGE code:

FOR NON-U.S. COMPANIES

Non-U.S. companies are issued NATO Cage Codes (NCAGE) by contacting the designated Point of Contact (POC) at the National Codification Bureau (NCB) of the country where the company is located. For a list of addresses and POCs, go to http://www.dlis.dla.mil/nato_poc.asp.

Please note: Organizations with an address containing APO, FPO or AE do not need an NCAGE assigned by an Allied Nation or NATO-sponsored NCB. Instead, these companies must register in the CCR to receive a U.S. Cage Code.

The POC for South Korea is:

<p><i>The Standard Planning Team Of the Standard Management Bureau Defense Acquisition Program Division (23 Yongsangogyogil) #2-15 Yongsan 2 ga dong Yongsan-gu SEOUL (140-841) Republic of Korea</i></p>	<p><i>TEL: +82-2-2079-4639 FAX: +82-2-773-7587 E-MAIL: CAGEKR@dapa.go.kr</i></p>
---	---

4) Statement of Capability (SOC) stating your company's have following capabilities as to experience, licenses, work force:

(a) Experience:
