Appendix C	All	Updates have been made to the Pro Forma Template		Please refer to the newly issued Appendix C, Pro Forma Template Version 3.0, as updated and re-issued on 18 November 2008.
3.3.7		Insert new clause 3.3.7.10, which addresses requirements concerning access to project sites	N/A	The U.S. Government may undertake or award other contracts for additional work at or near the sites for each phase of the SLQ project. Successful Offerors shall fully cooperate with the other contractors and with U.S. Government employees and shall carefully adapt scheduling and performance of the work of each phase to accommodate the additional work, heeding any direction that may be provided by the U.S. Government. In addition, each Successful Offeror shall cooperate with and coordinate scheduling and performance of work with other Successful Offerors who have been awarded phases of the SLQ project. Successful Offerors shall not commit or permit any act that will interfere with the performance of work by any other contractor or by Government employees.
3.3.7		Insert new clause 3.3.7.11, which addresses requirements for sample room	N/A	The Lessor shall complete a sample room located within each phase of the SLQ as designated by the Leasing Officer. The materials and workmanship shall demonstrate the

				<p>construction methods, materials, and workmanship to be used in the actual construction. The quality of materials and workmanship in the sample room shall be equivalent to that of the actual construction. All work shall be done in accordance with standard construction practices and comply with the construction documents, plans, and specifications.</p>
3.3.7		<p>Insert new clause 3.3.7.12, which addresses requirements for finish floor elevation</p>	N/A	<p>The finish elevation of the first floor for all senior leaders quarters shall be above the 500 year flood elevation of 6.9 meters above Mean Sea Level. If the site is above 6.9 meters, the lessor shall design the first floor elevation above the grade of the project site sufficient to meet local drainage requirements.</p>
Appendix D	4 of 4	<p>Add legal description of the USAG Humphreys project sites</p>	N/A	<p>Please refer to the legal description as issued on 18 November 2008.</p>
