FED fortifies partnership with 11th Engineer Battalion in the Indo-Pacific

U.S. Army Corps of Engineers Far East District hosted a visit for 40 Soldiers assigned to the 11th Engineer Battalion, May 13, to educate them on the impact FED has in the Indo-Pacific, and to strengthen the partnership by exploring opportunities that are mutually beneficial. [READ MORE](#)

FED honors National Nurses Week, reflects on COVID-19 impact

In honor and appreciation of National Nurses Week, May 6 – 12, U.S. Army Corps of Engineers Far East District reflects on the contributions of those serving on the front lines of the pandemic and how COVID-19 has impacted the District and every FED project site in South Korea. [READ MORE](#)

Far East District works to protect and preserve the environment

Protecting and preserving the environment is an enduring mission for the U.S. Army Corps of Engineers. USACE has more than 4,000 environmental professionals who provide solutions to the nation's toughest environmental challenges. One of the ways USACE Far East District maintains those efforts is through the Spill Prevention and Response Plan (SPRP). [READ MORE](#)

Searching the USACE safety manual, easy as A-B-C

The Safety and Health Requirement Manual, EM 385-1-1, is now available in an app powered by U.S. Army Corps of Engineers, and the Far East District is taking full advantage of it. [READ MORE](#)

Asian American Pacific Islander Heritage Month at FED, a day of honor and celebration

An Asian American Pacific Islander Heritage Month observance was held at Far East District headquarters, May 20. The theme for this year's AAPI Heritage Month is "Advancing Leaders Through Purpose-Driven Service." Approximately 90 people attended the positive, energy-filled event, to honor Asian Americans and Pacific Islanders, participate in the entertainment and enjoy food, provided by FED personnel.
