Name of Offeror: _____

Item No.	Description	Qty	Unit	Unit Price	Total Amount
-------------	-------------	-----	------	---------------	--------------

NOTES:

- 1. Prices included in the Total Amount column shall include the Contractor's prices for both local and offshore materials.
- 2. In the event that there is a discrepancy between the unit price multiplied by the unit quantity and total amount, the unit price will take precedence, and the total amount of the line item, subtotals, and total amount will be adjusted accordingly. Unit price shall be rounded off to the nearest won amount.
- 3. The quantities of concrete piles are estimated quantities.
