

FED GUIDE SPECIFICATIONS

FED Guide Specifications are for use in specifying construction for the United States Forces Korea (USFK) and DoD Facilities within Republic of Korea. Use FED Guide Specifications sections instead of those sections provided in the Unified Facilities Guide Specifications (UFGS). FED Guide Specifications contain the district specific construction requirements including local reference standards. Any specifications section which is not covered by FED Guide Specifications shall be used UFGS.

Electronic copies of the latest FED Guide Specifications may be downloaded from POF Website at <https://www.pof.usace.army.mil/Business-With-Us/FED-Guide-Specifications/>
