For those that prefer to download the AAAC and run the course from their computers:

1. [Download](#) and Save the AAC_CDROM.ZIP file onto your local desktop or a drive you can write to.
2. Create a folder called AAC.
3. Double click on the AAC_CDROM.ZIP file and it should open.
4. Click on the WINZIP Extract link, Browse to the AAC folder you created and select Extract from the WINZIP menu. The AAC courseware will be unzipped into the AAC folder.
5. Open the AAC folder and double click on the start.exe file.
6. Make sure you enter your name the way you want it displayed on your **certificate**. Note: If the .zip file does not open you will need to download and install WINZIP.

- Log on to the site with your AKO user id and password.
- When the page opens go to the search block and type Army Traffic Safety and click on the GO block.
- The Army Safety Accident Avoidance course will show in the Learning Offerings window. Click on Register.
- Once the registration is confirmed click on Launch the course.
