FED-built Seoul Elementary School opens

The new $2.7 million Seoul American Elementary School opened its doors to Yongsan youngsters on Monday, August 27. The concrete and brick structure was built by the Jin Duk Industrial Company under a contract with FED. Work started in February 1982 and the building was turned over to school officials last June.

The new school building covers some 55,000 square feet and features a large library area and interior courtyards. It also has a room designed in a traditional Korean style that will be used for the teaching of Korean culture. FED’s Area III Resident Office has overseen construction of the building and Kim, Chong Song was the project inspector.

The completion of the Seoul American Elementary School marks the completion of a $20 million upgrade of the Department of Defense Dependent schools in Korea that began in the fall of 1981. The only work continuing at this point is the construction of the cafeteria building for the Yongsan schools. That work should be completed this fall.

Additions for all the Korea schools, excepting only the Chinhae school, are already scheduled. An addition for the Seoul American High School is scheduled for Fiscal Year 1986 and the Pusan, Osan and Taegu schools are scheduled for additions in Fiscal Year 1986. It certainly looks as if FED will be in the school-building business for some time to come.

Lt. Gen. Bratton pays FED final visit

Chief of Engineers, Lieut. Gen. Joseph K. Bratton paid FED a farewell visit August 4 through 7. It was his last trip to Korea before his retirement this month. He was accompanied by Brig. Gen. Robert M. Bunker and Command Sgt. Maj. William E. Leach as well as several others.

Lieut. Gen. Bratton landed at Osan Air Base midday on Saturday, August 4. He toured the extensive work underway there before traveling to his quarters on Yongsan South Post. Sunday afternoon was devoted to a tour of the Second Infantry Division area where he was briefed on the activities of the 2nd Engineer Battalion.

Monday was a full day of activities which began with an update on the activities of the 8th Army Engineer's Office. Immediately after that briefing, Lieut. Gen. Bratton went to the AFKN studios for a television interview which focused on Corps of Engineers efforts to improve the quality of life for American military personnel. Finishing that, he next called on Maj. Gen. John W. Hudashke, 8th Army Chief of Staff before meeting with General William J. Livsey, Commander, U.S. Forces, Korea. An Honor Guard ceremony was then performed on his behalf at Knight Field. An update on the Facilities Engineers Activity, Korea completed a very busy morning for the General.

After-lunch activities started with a conference with Maj. Gen. Ryu, In Hong, ROK Army Chief of Engineers. Lieut. Gen. Bratton then travelled by FED helicopter to a Second Engineer Group project near Munsan. FED was the last stop on Monday's itinerary. Col. Fulton briefed Lieut. Gen. Bratton on our current activities and then they toured the compound, viewing the upgrade work going on here.

The General and his party departed the Republic early on the morning of Tuesday, August 7. He left with pleasant memories of this and two previous trips here as well as FED’s best wishes for an enjoyable retirement.

Standards of conduct

All personnel working for FED must be aware of the Standards of Conduct requirements when "the responsibilities of such personnel require them to exercise judgement in a Government decision..." which may have a significant economic impact on any non-Federal entity." This means, for example, anyone involved in the process of awarding a contract, inspecting contract work or paying a contractor. Since we deal with contractors daily, we must be aware of our responsibility to comply with AR 600-50 dated 15 August 1982 which sets forth the Standards of Conduct.

Far East District personnel have a responsibility not only to avoid conflicts of interest but even the appearance of a conflict of interest. No individual working for this command will ever advise a business representative that any attempt to influence another person or agency to give preferential treatment to anyone in the contract award process can or will be made. Any person requesting preferential treatment will be informed by official letter that U.S. Government contracts are awarded only in accordance with established contracting procedures.

Anyone desiring a copy of AR 600-50 may request one from the Office of Counsel, USAED-FE, APO San Francisco 96301. Moreover, if any situation arises which is ambiguous or which advice is required, you are urged to contact Mr. Carter or Mr. Bowers at the Office of Counsel, 2917-492.

EML reminder

Here's a tip for district civilian personnel planning to take advantage of the benefits of the Environmental and Morale Leave (EML) program. Make sure you have a leave slip with you when you sign up for space available travel. The slip must show that you are on leave at the time you sign up. You can sign up after work hours on Friday if the slip shows you on leave starting with the end of work on Friday.

Once you have signed up for space available travel, do not come to work while awaiting a flight. You must be in an actual leave status from the time of sign-up until the completion of your travel. If your pay records show you in a work status during the EML period, you may find yourself on the spot sometime in the weeks after your travel is done.

One of the two UH-1 helicopters used by FED for in-country transportation has been replaced because of a minor defect in its structure. The old helicopter, which has seen years of service here in Korea, was flown in August to Camp Humphreys, where it was readied for transfer to a C-5 aircraft at Kunsan Air Base. Then it was carried to Texas where it will receive a complete overhaul and eventually be issued to another unit. Its replacement was obtained by FED from an in-country source.

Maj. Rollie Edwards, who currently heads the FED Aviation Office, is preparing to leave for an assignment in Hawaii at the end of this month. His replacement, Maj. Connolly, is already here and will take over on October 1. He will be supervising an eight man office which flies and maintains FED's helicopters. The other pilots (officially, rotary wing aviators) are Chief Warrant Officer Richard Goodell and Chief Warrant Officer Arthur Mettlingly. Sgt. 1st Class Jeffrey Radford is the maintenance supervisor. Sgt. Larry Simms, Spec. 4 James Coney and Spec. 4 Duane LeGendre alternate between being crew chief on the flights and being repairmen. Staff Sgt. Greg Vogt and Sgt. Jody Shattuck are full-time helicopter repairmen.

The FED Aviation Office is located at the K-16 airfield in Sungnam. The two helicopters are based there and are used for several flights a week to points all over the Republic of Korea. If you have a need to travel check the flight schedule. You can call the Aviation Office at 2916-426 to discuss arrangements.

New Yongsan housing started

Several high-ranking officials, including Gen. William J. Livsey, USFK Commander, Republic of Korea Vice Minister of Construction Lee, Kwan Young and Gen. Lee, Sang Hoon, deputy commander, ROK-US Combined Forces Command, helped commemorate the start of construction for new Yongsan Post Housing on August 9. FED prepared the project criteria and will surveil construction of the project.

A symbolic shovelling of sand by the officials present started the project on its way. General Livsey followed with a few remarks that observed how the project fits right in with our current celebration of the "Year of the Family."

The ceremony took place on the old driving range site but construction will also occur on the old skeet range site and the old heliport site. In all, 300 housing units will be built at a cost of $36.5 million. The work is scheduled to be done by the beginning of next summer.
Farewell to Lt. Gen. Bratton

In a brief three-day visit, LTG Bratton received updates on engineer activities in Korea, met with the CINC, and had a good look at the changing FED compound. As in past visits, he seemed impressed with the job we are doing here.

Softball team ends fine 1984 season

After compiling a fine 15-7 won-lost record in the regular season, the FED softball team made a fine showing in the post-season tournament before bowing out on Aug. 7. The FED's began play on Friday, August 3 with a 8-3 win over the FAO-K team. Home runs by Dennis Fischer (Survey) and Dave Roden (Area III) supplied the power for that victory. The next day they made it two wins in a row with a 4-2 victory over a very strong C-2/J-2 team. RBI-hits by Stan Harris (CAB) and Scott McCue (PSNCO) were the key to that win. At this point in the tournament FED looked to be in very good shape but the quality of the competition would prove too much for them. All the teams in the tournament were strong as they were the top four finishers in each division.

FED suffered its first loss on Sunday, a 9-0 defeat by the 901st Military Intelligence team. The season’s end came on Tuesday, August 7 as the FED’s lost to the 121st Evacuation Hospital team 17-4.

The 121st team and the EUSA team finished the tournament in the top two positions so they competed against other teams from the Central Area in the next tournament. After that another tournament was held to determine 8th Army Championship on August 16. The EUSA team prevailed in that game to take this year’s championship.

FED fall bowling cancelled

Because the nearby lanes used by FED for its bowling league are being renovated there will be no fall schedule. The lanes are being done by sections so that play can continue while the work goes on in September and October. However, FED needs more lanes than will be available each week. Play will resume with the spring league which will start its 20-week schedule next January.

Golf

Ha, Sang Muk wins 8th Duffer

The 8th Engineer Duffer Golf tournament was held August 7 and Ha, Sang Muk (S&I) shot a handicapped score of 64 to win. Kim, Hak Chong of FEAK was the tournament medalist with a scratch score of 79.

Following Ha were Pak, Cha Yong (Design Branch) and David Wong (Military Branch) who both shot handicapped scores of 65 to take the 2nd and 3rd low net positions, respectively.

The 9th Engineer Duffer was originally scheduled for August 28 but had to be moved to September 4 because another tournament was being played on the Yongsan course. Scores from the September 4 tournament were not available at press time.

Running

Stan Glatt (Program Support) ran his third marathon of the year in San Francisco on August 19. It was his 16th marathon and he covered it in 4 hours and 52 minutes. Stan plans to run a total of five marathons this year as he will run in the Seoul Marathon on September 30 and the Honolulu Marathon on December 9.

Dave Roden takes his cut in final game.

121st Evac. runner is safe at first.

소프트볼팀 좋은 성적으로 씨즌경기 마쳐

조기시즌경기에서 15승 7패의 좋은 성적을 보였던 공병팀 소프트볼팀은 8월 7일의 본진 당겨매치는 단만한 경기를 벌였다.

공병팀선수들은 8월 3일(목) 8군 경리인과 첫경기에서는 8대 3의 승리를 거두었다. 이경기에서의 승리는 Dennis Fischer(측방면)과 Dave Roden(차 3차구)선수들의 활약에 힘입었다. 다운사이드 C-2/1-2의 경기에서도 4대 2의 승리를 거두면서 연속 2승을 기록하였다. 이 경기에서는 Stan Harris(경리개)와 Scott McCue(인사실부상사) 선수의 타점이 승리에 기여하였다. 이때까지 본선경기에 있어서 공병팀은 상승점을 없는 팀이었으나 나중에 많은 장점들과의 대전은 그렇게 끝치질 않았다. 이전 경기들에서의 4강으로 선발된 팀들은 동명이도 하며 대전은 무거운 경쟁을 벌였다.

공병팀은 8월 3일(목) 제501경 포탄군과의 대결에서 첫 패배를 당하였다. 이어 8월 7일 제121호공병팀 선수들과의 경기에서 17대 5 패배로 최종 8군으로 본선에서 탈락하였다.

제121호공병팀과 마린군은 경리팀이 공병팀으로 선발되어 중부 지역에 배치된 8군 선수단의 차라리 놀고 거두기 되었다. 두 팀은 이 경기에서 악수 승리지를 거두며 경기 8월 16일의 정착에서 만나게 되었는데 경기 8군 팀의 승리를 거두고 본선에 미 8군 소프트볼 선수단을 차지하였다.

가을철보울링 취소되어

국동지구공병팀 보울링 리그가 마치다 논재나타나리한 보울링장의 보수사업으로 인하여 가을리그 첫은 취소되었다. 경기장은 9월과 10월에 걸쳐 각각 점검방식의 보수공사가 진행됨으로써 본부로 사용하게 된다. 그러나 공병팀은 매 주 경기베이비 공사장에 사용할 수 있는 베이비와 점검 드림의 베이비를 필요로 하고 있다.

따라서 내년 1월초부터 30주에 걸친 봉정 리그가 시작될 예정으로 되어 있다.

마라톤

또다시 달리기 시작한 Stan Glatt (Program Support)는 지난 8월 19일 캠프지역에서 개최된 훈련을 통해 약 3.6마일의 마라톤경기에 참가하였다. 이번 경기는 지급까지 훈련한 우수한 성적으로 4시간 52분을 기록하였다. Glatt의 금년도는 5번의 참가로써 8월 30일의 서울마라톤대회와 9월 3일의 호노루마라톤대회에 참가할 예정이다.

하상묵씨 골프우승

제8회 국동지구공병단 코스포트대회(8월 7일)에서 하상묵씨(S & I)가 코스포트 스크로 64에서 우승을 차지하였다. 시상식에서의 강력한 양의 스크로로 79포차 포르노모 클로스티가 되었다.

박자웅씨 (Design Branch)와 David Wong (Military Branch)씨가 각각 병단장 코스로 65점으로 기록함으로써 포르노모에서 2위와 3위로 차지하였다.

제9회 경기는 8월 24일로 예정되었으나 다른 팀의 경기장 사용으로 9월 4일로 연기되었다. 원래계획된 친마 9월 4일의 경기결과는 알려지지 않고 있다.

David Wong씨의 태구를 Dick Davis씨가 지켜 보고 있다.
