Chief of Engrs Impressed with FED Work

The new Chief of Engineers, Lt. Gen. E. R. Heiberg III, and party visited Korea and the Far East District from January 12-16. This was the Chief's first visit to FED since taking command of the Corps. Lt. Gen. Heiberg assumed command of the Corps of Engineers last September and has spent a great deal of time since then visiting and becoming familiar with the work of Division and District offices throughout the world.

Prior to his arrival in Korea he spent several days traveling to Turkey, Saudi Arabia, India, Thailand, and Okinawa. The final leg of his Far East tour took him to the Japan Engineer District where he spent 24 hours with JED personnel.

The Chief's party included senior civilian members of his staff: Messrs. Charles N. Dunnam, Principal Assistant Chief of Construction; Frank A. Di Matteo, Chief, International Affairs Office; and William L. Robertson, Deputy Chief Counsel. Formal and informal activities filled the schedules of each member of the party: Lt. Gen. Heiberg at a major Army Command and Chief of Engineers, called on senior US and ROK military officials to brief Gen. William J. Livsey, CINC, UNC/CFC and Commander, USFK and Gen. Chung, Ho Young, ROK Army Chief of Staff. General Chung hosted an honor guard ceremony and dinner for the Chief and senior Army and Air Force engineers.

Col. Larry B. Fulton, Commander, Far East Engineer District, welcomed Lt. Gen. Heiberg to the FED Compound and introduced him to the senior FED staff members and briefed him on the current status of the District's engineering and construction programs. Before taking a tour of the compound, Lt. Gen. Heiberg presented Col. Larry B. Fulton, Commander, Far East Engineer District, with a recent Engineer NCO advanced course.

The Tuesday trip to the field was interrupted several times by a snowstorm that swept through Korea during this period. After an abbreviated visit to Osan Air Base projects, the Chief and party attempted to fly to Camp Merrick but were forced, by heavy snows, to return to Osan. The trip was resumed several hours later after refueling at Osan and a slight let-up in the storm. Several of the planned stops along the way to Camp Casey were curtailed. The Chief did manage to visit with one of FED's major customers after visiting JED personnel, to include Gen. William J. Livsey, CINC, UNC/CFC and Commander, USFK and Gen. Chung, Ho Young, ROK Army Chief of Staff. General Chung hosted an honor guard ceremony and dinner for the Chief and senior Army and Air Force engineers.

Lt. Gen. Heiberg and Col. Fulton are welcomed by Col. Wylie, Vice Commander, 314th Air Division and Capt. Stelzer (left), project officer, upon arrival at Osan Air Base. The trip to Osan was made during a heavy snow storm that hit the northern west coast of Korea, delaying the departure from Osan to projects in the north for several hours.

More than 2,000 DODDS students in the Yongsan area will have an opportunity to enjoy the new school cafeteria, which was constructed by FED and opened on 7 January. The 9,900 square foot concrete and brick building with a seating capacity for 480 was started in October 1983 by the Jin Duk Ind. Co., Ltd. After a contract with the FED, this $900,000 elementary and high school addition, constructed with a steel truss roof reinforced by the metal plate, includes multiple purpose rooms, basic kitchen equipment and ancillary support facilities. The Area III Resident Office under FED has overseen construction, of the building and Kim, Chong Song was the project inspectors.

The completion of the Yongsan School Cafeteria marks the completion of a $20 million upgrade program for the Department of Defense Dependents' Schools in Korea that began in the fall of 1981.
**PROSE AND CON'S**

This page is intended for discussion of issues relevant to District employees. If you feel strongly about an issue and have an opinion you think will be of interest to others in the district, put it in a letter and send it to the Public Affairs Office.

---

**New FED Sgt. Maj. Arrives**

Master Sergeant (P) James O. Rankins is the FED Sergeant Major. He has come from the U.S. Readiness Group Redstone, Huntsville, Alabama.

The FED Sergeant Major's duties will consist of aiding in setting construction projects, customer relations, customer concerns, VIP/protocol, military assignments and normal Senior NCO activities.

--

**Briefs**

Congratulations to Capt. Nathan Mamura (CDCB) who received recently the Army Achievement Medal for meritorious service between 18 August 1984 and 28 August 1984.

Congratulations to Master Sgt. (P) James O. Rankins who received recently the Meritorious Service Medal for outstanding meritorious service during the period of October 1, 1982 to December 20, 1984.

Sgt. Larry Simms (Aviation) departed January 28 for the 101st Replacement Detachment, Fort Campbell, Kentucky. He was presented the Army Commendation Medal for performance during the period of January 27, 1984 to January 28, 1985.

Spec. 5 Anthony Truitt (Troops) departed January 29 for the U.S. Army Signal School, Fort Gordon, Georgia. He was presented the Army Achievement Medal for exceptionally meritorious service during the period of October 8, 1983 to January 29, 1985.

Thomas Elsemore (RMO) departed on December 28 for Fort Bliss, Texas. He was promoted to the Chief of Manpower Analysis Branch, GM-13 in his new assignment.

---

**Tax Time**

Carolyn Shirley (OAS) and CW5 Scott Wilson (Aviation) attended the recent Armed Forces Tax Institute held at the Seoul Garden Hotel Jan. 21 to 24 and are available to assist you with your Federal Income Tax Returns. They are not tax experts, however they can provide guidance with the technical aspects of selecting correct forms. Also, most of the Federal Income Tax Return Forms and Supplemental Income Tax Schedule Forms are available from Mrs. Shirley.

For more detailed information and assistance, please contact the Yongsan Garrison Legal Assistance Office, 1st Lt. Lisa Anderson-Lloyd, telephone 293-4457/5534.

---

**Postal Rate Change Eff. Feb. 17**

The Governors of the Postal Service have acted on recommendation from the Postal Rate Commission to change rates and fees for various services. The Board of Governors has directed that the changes are to be implemented at 12:01 a.m. Feb. 17, 1985.

The full letter rate first-class mail will be 22 cents for the first ounce, and 17 cents for each additional ounce or fraction of an ounce. The card rate will be 14 cents per piece.

---

**Orphanage News**

This is the first and hopefully the start of a regular column in the East Gate Edition concerning the activities of the FED orphanage committee. In coming editions, we will provide interesting tidbits on the history, past accomplishments, and current happenings of the committee. We will also recognize the many volunteers that make our work successful.

The kids from Sung Ae Orphanage really enjoyed the Christmas party we sponsored last month. Mrs. Moon, the director of the orphanage, expresses her sincere thanks to all of you who helped at the party and shared their homes with the kids. A special thanks to the following people who provided the leadership: Jean Bloom, Cindy Masuyama, Nancy Tullis, Mike and Linda Maples, Dusty and Patty Boeckman, Sin, Hui Pok, Pak, Kye Un and Kim, Yong Chin from Knight Korea. Many thanks to everyone who contributed their time and efforts.

Many new personnel (and old timers) have expressed interest in the FED orphanage committee and our actions. We will have a meeting at 1130, Feb. 7, 85 in the East Gate Club. Agenda is as follows:

New business — Bylaws revisions, Goals/Budget for 1985, Support for other orphanages and Spring picnic. If you want to help, not only in ideas but in doing what needs to be done, your attendance is welcomed. We need people with fresh ideas and a firm commitment to action and cooperation.

This newspaper is an unofficial publication authorized under the provisions of AAF 360-81. The views and opinions expressed are not necessarily those of the Department of the Army. It is published monthly by the Far East District of the U.S. Army Corps of Engineers, located in Seoul, Korea APO San Francisco, California 96301. The telephone number is 293-3882 (imitary), 265-9178 (commercial) or 262-1101 (AUTOVDN). The method of reproduction is offset printing and 950 copies of each issue are printed. Subscriptions are free but must be requested in writing. All photos are U.S. Army photos unless otherwise credited.

District Engineer ........... Col. Larry B. Fulton
Acting Chief, Public Affairs ... Kim, Jae K.

FED Christmas party on December 21, 1984 at the Seoul Garden Hotel.
Wonju Office Oversees Eastern Area

Sgt. 1st Class Ralph Henry, NCOIC of the Camp Long Project Office, which is in Wonju, begins his day at 4 a.m. with a 90 mile drive to Taebaek Mountain where he will inspect the contractor's work on the Camp Kotar Racquetball Court. By the time he returns to his office at Wonju, it is almost midnight. The working conditions are not that unusual for Sgt. Henry. He has had several jobs during his Army career that have called for long hours and extended travel.

Sgt. Henry and his two-person staff oversee several military construction and operations and maintenance contracts in the Wonju area. The major project currently under construction is the new Camp Kotar Racquetball Court for the airmen at the Aircraft Firing Range on Taebaek Mountain. This $81,000 non-appropriated fund project, contracted by the Keong Il Enterprise Co., Ltd., is scheduled to be completed by April 1985.

Another communications upgrade project for the Air Force Seismological Research Station in the Wonju area was completed last month. This $1.2 million construction project required installation of about 100 miles of communication cable, connecting several mountain top sites. Projects for the Army that have been completed are the underground telephone upgrade at Camp Long and three operations and maintenance upgrades. In fiscal year 85, approximately $1 million will be spent on upgrading Army facilities at Camp Long.

The Camp Long Project Office is one of two project offices working under direction of the Area III Resident Office. Sgt. Henry took charge of the project office last July and worked alone for 4 months until his staff came on board in November. Kim, Yong Pok the General Engineer and Hwang, Song Suk the Office Clerk stay busy overseeing the work of the many contractors for this remote area.

KCOIC, The Concrete Giant

Among the many host nation construction projects, one has reached another milestone in Korea. With tireless, dedicated workers and much sweat, on December 17 last year after 233 days and nights, 45,600 cubic meters (1,160,000 cubic feet) of reinforced concrete was placed in the KCOIC (Korea Combat Operations and Intelligence Center) project completing the concrete placing task 14 days ahead of schedule.

The KCOIC at Osan Air Base is a two story high structure with 83,600 square feet of usable floor space. The project will be completed by the end of this year. Several of the inspectors have been TDY from POD and Savannah District in support of this CDIP project.

Alick Bhark

Final concrete placement was accomplished at night. Senior members on the KCOIC project — from left to right Jay Dietrich, Project Engineer of the Osan Resident Office; Lt. Col. Om, Ik Joop, Commander of the 911th Construction Detachment; and Mr. Huh, Yong Hwa, Architectural Engineer of the Daelim Industrial Co., Ltd.

Have You Ever Been Really Hungry?

The African continent is in the grip of the worst famine to occur in this century. Thousands die daily with an estimated 185 million lives endangered. In response to this dire need a world-wide effort has arisen with a target goal of raising $82 million to aid these countries.

The American Red Cross has been asked to provide $5 million in assistance. A fund drive separate from the Combined Federal Campaign has been supported by Secretary of Defense Caspar Weinberger and General William Livsey, Commander, of US Forces Korea. This fund raising activity will occur from 21 Jan through 4 March 1985. FED's goal is to reach 100% participation. If you would like to contribute to this worthy cause, you may give cash or write a check payable to "The African Famine Relief Fund" and give it to: Allen Peters or Sharon Mumper (in the Executive Office) or to your nearest American Red Cross Office.
Winter Construction Underway

Building for the U.S. Forces in Korea continues through the winter months. Pictured here are but a few of the many projects FED has underway throughout the Republic.

An elaborate cover and heaters are necessary for the winterization, which allow construction of the Yongsan Youth Activities Center parking lot to continue during the cold weather.

FED inspector (middle) with the employees of the You One Construction Co., Ltd. pre-inspects the Aircraft Maintenance Hangar at Camp Humphreys before turnover.

New Yongsan post housing under construction. A total of 300 housing units will be completed this summer by the Korea National Housing Corporation, replacing the current RGH family housing. This special project places FED in a surveillance role rather than a quality assurance role it normally provides customers.

The Camp Humphreys Chapel is near 50% completion. The contractor is the Boo Hung Development Corporation.

Camp Hovey Troop Aid Station is near 60% completion. The contractor is the Jin Duk Industrial Co., Ltd.
January 1985

Lt. Gen. Heiberg Visits Far East District

CDIP News

Two mobile field trailers will be used for host nation-construction surveillance support of Telecommunication Plan, for the Implementation of Communication-Korea (TPICK), from Seoul to Pusan, providing greater flexibility and increased on-the-job surveillance and coordination. Two nuclear densometers, specifically designed to measure the moisture content and density of soils, also arrived and will enable responsive testing and evaluation of the host nation contractor's efforts.

Capt. Nathan Mamura

Lt. Gen. Heiberg (second from left) leaves Osan AB, finishing the tour.

One of the two newly arrived trailers.
Hwang, Song Suk is the Clerk Typist at the Camp Long Project Office. She just graduated from the Sang Myung Women’s University in Seoul with a major in English Literature.

Byron Bogumil is the Chief of the Automatic Data Processing Center. He has come from the Combat Equipment Group Europe in Mannheim, Germany.

Kim, Chun In is an Engineering Technician at the Camp Humphreys Project Office. He has come from the Han Il Development Co., Ltd., Seoul.

Ernie Manjares is the Chief of the Area III Resident Office. He has come from the U.S. Navy Officer-In-Charge of Construction, Manila, Philippines.

Yong Pok is the General Engineer at the Camp Long Project Office. He has come from the Keong Nam Enterprise Co., Ltd., Seoul.

Karen Steinbeck is the Management Assistant in the Office Management Branch, Office of Administrative Services. She has come from the 1st Signal Brigade, Yongsan.

Sgt. 1st Class Foster C. Olmstead receives the Army Achievement Medal (Fourth Award), signed by the Secretary of the Army, from Lt. Gen. Heiberg, who visited Korea recently. Sgt. Olmstead was commended for being an honor graduate at the Engineer NCO advanced course at Ft. Belvoir, Va.

내화의 광장

제2면

시인 FED주임상사 도착

지난 1월 18일 공인 기자(ISA)인 J.O. Rankins 상사의 부임하면서 FED(주) 세종 현장허가 부서와 소속 현장 직원들이 FED를 오랫동안 이끌어온 알레하 건축 회사의 새로운 현장 지휘자를 맞이했습니다. 덕분에 해외에서의 내화 현장의 치열함이 더욱 증대되었습니다.

Nathan Minnaram최고책임자(CICIEO)는 최근, 지난해 9월부터 10월까지의 사업 계획에 대한 복잡한 비용 문제로 인해 휴업이 필요하다고 발표했습니다.

Larry Simms 정리(Revenue)는 지난 12월 10일에 받기까지의 시점에서 FED 채권자들이 이와 관련된 문제에 대해 철저하게 대응할 것을 밝히었습니다.

 Reached, James alcan의 차량은 장비주기와 체계적인 운전을 통해 관련 역시 성공적으로 운전하기 위해서는 여러분의 자발적인 참여가 요구되고 있습니다.

Anthony Tratt(Trucks)는 지난 12월 10일 정류장에서 소재한 Fort Gordon 육군통신부대를 운전, 그는 1983년 4월 10일부터 1985년 1월 29일까지의 운전 기간 동안 운전을 수리하였습니다. 새로운 운전자로서 역시 행운을 바랍니다.

Thomas Elsemore(ROM)는 지난 12월 10일에 FED 채권자들이 이와 관련된 문제에 대해 철저하게 대응할 것을 밝히었습니다.

이기사는 출발하여 직장으로 East Gate Edition에 체계되는 중와 독신 FED주임상사의 활동에 관한 경제적인 소식입니다. 본 회의는 앞으로 계속적 관리의 토기자가 되며, 자기 소재화 촬영작업을 통해 다양을 확장하고 있습니다.

조 2월 7일 오전 11시 30분에 East Gate Club에서 회의를 개최합니다. 이는 다음과 같습니다.

지난 12월 10일에는 회의에 참석한 FED주임상사 로버트가 이와 관련된 문제에 대해 철저하게 대응할 것을 밝히었습니다. 이제는 새로운 차량에 이와 관련된 문제가 없도록 해야 합니다.
